# Highlights

### Remove excess fat from food

Now you can eat healthier dishes and remove the excess fat from food. Philips XXL is the only Airfryer with Fat Removal technology that separates and captures excess fat. Savor all the taste of a roasted whole chicken with crispy skin, tender meat and up to 50% less saturated fat?.

### Rapid Air for 90% less fat

Enjoy healthier fried food that's crispy on the outside and tender on the inside with up to 90% less fat. The Philips Airfryer XXL uses hot air (instead of oil) to fry food with little to no added oil. Philips Rapid Air creates 7x faster airflow so that you can enjoy crispier results and delicious taste.

### Our most powerful Airfryer

By combining a powerful heater and motor, the hot air in the Airfryer swirls like a powerful

tornado – throughout the entire cooking basket.

### The No.1 low-fat fryer

Philips is the world's leading low-fat fryer brand.

### XXL family size meals

Yes, you can cook family-size meals in the Airfryer XXL. Its full-size capacity makes cooking a large, delicious meal easy. You can cook a whole chicken or even up to 1.4 kg of fries to satisfy hungry family or friends. Serve up to six portions with the large 7.3L capacity basket?.

### Crispier, and twice as fast

Cooking is faster and more convenient than ever with the Philips Airfryer. With our best performing and most efficient Philips Airfryer, your food will cook crispier and twice faster than a mini oven. No preheating. No waiting. Just cook and enjoy.

### Enjoy family-size oven dish!

With the new family-size baking dish, you can make all your favorite baking recipes. The Philips baking dish can cook up to 4 portions of Lasagna, and is suitable for batch cooking as well. Its non-stick coating is also ideal for cooking stews, ratatouille, frittatas, gratin, meats with sauces and other dishes.

### Digital display with 5 presets

The digital interface is easy to use with preset cooking programs for one-touch cooking of french fries, frozen snacks, chicken, meat, fish, and baking. A QuickControl dial sets both temperature and cooking time.

### Keep Warm mode

With our handy Keep Warm mode, you can enjoy your meal when you're ready. It will keep your food warm and at the ideal temperature for up to 30 minutes.
