

# Poly Sync 40+ Speakerphone

## Flexible. Simple. Smart

Business moves fast. Joining virtual meetings should be fast, too. Poly Sync 40 USB/Bluetooth® smart speakerphone lets users get straight to work. Hassle-free with quality audio – optimized for flexible and huddle workspaces.

\*Product image may differ from actual product

### Hear and be heard

Don't miss a word with a multi-microphone array, which focuses on what's being said and helps keep echo and noise out of meetings. Full-duplex audio lets conversations flow naturally, even when users talk over each other.

### Simple for IT

No complex setup, no user training, and no additional headaches – the Poly Sync 40 is simple to deploy to your workforce. For IT, inventory tracking and updates are made easy with Poly Lens, remote device management.

### Expand your meeting space

Poly Sync 40 brings professional-sounding audio to your meeting spaces. Wirelessly pair two units together for your larger meeting room needs. Your device will be ready to go with up to 30 hours of talk time.

### Three-microphone array

Experience conference calls with outside noise and distractions tuned out. A three-microphone array focuses on your voice – not the surrounding noise.

### Audio clarity

Enjoy more clarity on every call thanks to the bass reflex system with dual passive radiators for natural voice and deep bass.

### Full-duplex audio

Collaboration gets tough when one voice dominates the conversation. Full-duplex audio makes simultaneous conversations a breeze.

### Wireless connection

Enjoy easy connectivity, to your devices – connect smartphones wirelessly via Bluetooth® or to the computer with the included BT700 USB-A adapter.
