# Poly Sync 60 Microsoft Teams Certified Speakerphone

# Premium, powerful sound

Everyone deserves to hear the whole meeting – loud and clear. This smart speakerphone fills conference rooms with remarkable sound using powerful twin speakers. And be heard with six mics focusing on voices, not the noise.

#### Big sound, meet smart ideas

Get down to business and hear voices clearly with the smart speakerphone designed for conference rooms with Poly signature audio. Twin speakers and the six-mic array ensure everyone has a voice while helping to keep echo and noise out.

#### Let's get started

Users enjoy easy connectivity with their preferred way to work – connect wirelessly via Bluetooth® or wired via combined USB-A/USB Type-C®. And with a built-in USB video camera input moving from an audio to video call is super easy.<sup>1</sup>

## Datasheet

# Featuring

## Six-microphone array

Experience conference calls with outside noise and distractions tuned out. A six-microphone array focuses on your voice - not the surrounding noise.

### Full-duplex audio

Collaboration gets tough when one voice dominates the conversation. Full-duplex audio makes simultaneous conversations a breeze.

## Audio clarity

Enjoy more clarity on every call thanks to the bass reflex system with dual passive radiators for natural voice and deep bass.

#### Consistent voice level

Being on the far end of the call becomes difficult in a conference call with various speakers. Poly Sync 60 features adaptive gain control for consistent voice level even if the speaker stands far from the unit.

#### Simple for IT

Just deploy and you're done – no new interface to learn – teams use their own devices, and work in the collaboration tools they're comfortable with. For IT, inventory tracking and updates are made easy with Poly Lens remote device management.

#### Certified for Microsoft Teams

Full Microsoft Teams certification takes your Microsoft Teams experience to the next level with a button for instant access to the app and more.
