4U 19” Wall Mount Vertical Rack Bracket, Wall Mount Patch Panel Bracket for Data/AV/IT/Computer Equipment, 4U Rack for Cabinet or Server Room, Supports 180lb (81.6kg) Capacity

Product ID: RK419WALLV2

This 4U 19 in server room rack enables vertical mounting of rack-mounted equipment of any depth. Mount the bracket to a wood stud wall and position equipment vertically, maximizing space utilization and optimizing layout design. The open-frame design allows for unrestricted airflow to the mounted equipment, improving cooling.

Mount the bracket into a wall featuring wood stud construction, where studs are spaced 16in (40.6cm) apart. The patch panel wall mount rack is perfect for SoHo (small office, home office) and other small footprint applications allowing you to vertically mount up to 180lb (81.6kg) of standard rack equipment into this 14-gauge steel bracket. The mounting holes are positioned 16in (40.6cm) apart, matching the standard for construction framework.

The vertical wall mount network rack conveniently includes 6x wood screws, 16x M5 square cage nuts, and 16x M5 screws to attach the rack to a wall and mount your equipment.

The wall mount vertical rack is backed for life, including free lifetime 24/5 multi-lingual technical assistance.

Certifications, Reports and Compatibility

Applications

Features

• 4U VERTICAL WALL MOUNT RACK BRACKET: This patch panel wall mount rack bracket supports 19"

rack-mountable IT/AV/Network equipment of any depth; 180lb (81.6kg) capacity; EIA-310 and REACH Compliant; Compact wall mount design is ideal for server room/closet
