# Highlights

## Powerful cyclonic action

Exclusive PowerCyclone 5 technology accelerates air in the cyclonic chamber to separate out dust. Powerful swirling action maximises airflow and performance for remarkable cleaning results.

## TriActive nozzle

The TriActive nozzle applies 3 cleaning actions in one go: 1) It gently opens the carpet with its specially designed soleplate to remove the dust deep down. 2) It sucks up big bits with its larger opening at the front. 3) It picks up the dust and dirt closely alongside furniture and walls with its left and right side air channels.

## Instantly adjust to any task

ActiveLock couplings mean nozzles and accessories simply snap into place on the telescopic tube during cleaning.

## Large wheels - better control

The large wheels provide smooth motion control as you clean.

## Simple and tidy to empty

The dust container detaches with one hand and controls dust while emptying thanks to its unique shape and smooth surface.

## Soft brush at your fingertips

A dusting brush attachment is built right into the handle so it's always ready to use for furniture, flat surfaces and upholstery.

## Allergy H13 filter system

The fully-sealed filtration system captures >99.9% of fine dust particles - including pollen, pet hair and dust mites - for allergy sufferers and anyone demanding a higher level of hygiene. Filtration level is equivalent to HEPA 13\*.

## 99.9% dust pick-up\*

You can vacuum 99.9% of fine dust thanks to powerful suction and high-performance nozzles.
