

Philips PerfectCare Elite Plus Steam generator iron

Most powerful steam for the fastest ironing with ultra-light iron.
 PerfectCare Elite Plus is the best and most efficient steam generator iron from Philips. With OptimalTEMP technology, you can now iron from jeans to silk with no temperature setting needed. Guaranteed no burns on all ironable garments. With an auto-shut off function, it automatically switches off the iron if it has not been used for a few minutes, helping you to save energy. And the ECO mode allows you to save more energy by using a reduced amount of steam, still sufficient to iron all your garments.

Our eco passport

Philips wants to make the world healthier and more sustainable. To make this a reality, we have to keep thinking differently; pushing the boundaries of what is currently believed possible. We continuously innovate and deliver products and technologies that are positive for people and the environment. At Philips we call this Green Innovation.

We know this is important to you too. So we have developed an eco passport which explains the environmental performance of our products in the Philips Green Focal Areas, developed through our eco design process since 1994, enabling you to make conscious, informed decisions. An eco passport will explain the Green Focal Areas considered and applied in the specific product.

 <h3>Energy</h3> <ul style="list-style-type: none"> • Power: <ul style="list-style-type: none"> • GC961x; 2400Watt • GC966x; GC967x, GC968x: 2600Watt • ECO-mode: yes • Auto-shut off: yes • Off-mode: <0,5 Watt • Annual energy consumption: <ul style="list-style-type: none"> • 77kWh/year (for 2400Watt) • 83kWh/year (for 2700Watt) 	 <h3>Packaging</h3> <ul style="list-style-type: none"> • Cardboard: minimal of 75% recycled content • Plastic: minimal of 25% recycled content • No use of polyvinylchloride (PVC), expanded polystyrene (EPS) in packaging
 <h3>Substances</h3> <ul style="list-style-type: none"> • The product housing is free of polyvinylchloride (PVC)** • The product housing is free of brominated flame retardants (BFR)** 	 <h3>Circularity</h3> <ul style="list-style-type: none"> • Contains up to 650 gram recycled plastic

*Average energy consumption measured according to IEC 60311 standard at ECO mode, 2 hours per week ironing, 52 weeks
 **excluding the power cord
 This passport applies to the GC966x, GC967x, GC968x range
