USER MANUAL FOR SWIM VEST

WARNING

1. No protection against drowning.
2. Always fully inflate all air chambers.
3. Swim vest is not a life saving device and must be used only under constant, competent supervision.
4. The supervisor should be within arm's reach of the wearer.
5. Do not bite or chew the product as pieces that may be bitten off from the material may cause a choking hazard.

INFLATE AND DRESS

1. Open the safety valve, squeeze the valve at the base and inflate the air chamber by steps. Fill the chambers until most of the wrinkles are gone and it feels firm to touch but NOT hard. Close the valve firmly when finished. Press the valve downward into the air chamber, so that it does not get over the surface.

NOTE: Never over-inflate or use compressed air to inflate.

2. Dress your child with the swim vest. The length of the belts is adjustable. Adjust the position of the buckles on a suitable spot of the belts, and fasten the buckles securely and comfortably around your child.

DEFLATE AND UNDRRESS

1. There are two steps to open the buckles. Press down on button 1 with one hand, at the same time press down on button 2 and 3 with the other hand. Then apply force in opposite direction to pull the buckle fully open.
2. Open the safety valve, and pinch the base of the valve and gently apply pressure to the swim vest to aid in the release of air.

MAINTENANCE AND STORAGE

1. Rinse with water and air dry thoroughly before storing it. Place it in a dry place, normal room condition, out of direct sun light and the deflated swim vest should not be compressed by other weights on it.

2. Check seams and the foil regularly for tears and holes. If there is any defect, please discard the products and replace by a new one.

NOTE: With proper maintenance and storage, the product life span is 4 years from the date of manufacture. You should thereupon accordingly replace the product.

DISPOSAL

If the product is out of service, please cut it and dispose according to your local council.

Dispose the package carefully and thoughtfully. Do not litter. Be a good citizen and dispose of litter in an environmentally manner.

Please research and download product declaration of conformity through www.bestwaycorp.com
