USER MANUAL FOR ARMBANDS

WARNING

1. No protection against drowning.
2. Always fully inflate all air chambers.
3. Armbands are not a life saving device and must be used only under constant, competent supervision.
4. The supervisor should be within arm's reach of the wearer.
5. Do not bite or chew the product as pieces that may be bitten off from the material may cause a choking hazard.

Weight	Age
11-19 kg	1-3 years

INFLATE AND FIT

1. Inflate the armbands by mouth. Open the safety valve and inflate one air chamber first. Fill the chambers until most of the wrinkles are gone and it feels firm to touch but NOT hard. Close the valve when finished.

NOTE: Never over-inflate or use compressed air to inflate.

2. Place the armbands on the upper arms of the child and inflate the remaining air chamber.
3. Make sure the armbands fit correctly and are tight around the arm. Do not over inflate or cut the child's blood circulation.

NOTE: For bigger children it is easier to first place the armbands on the child and then inflate.

4. Last but not least, Fasten the loop fasteners on the armbands to keep them tight and steady.

NOTE: Based on the air pressure, adjust the loop fasteners length accordingly.

DEFLATE AND REMOVE

1. Undo the loop fasteners on the armbands
2. Pull out the safety valve, pinching the valve to release the air.
3. Remove the armbands from the child.

MAINTENANCE AND STORAGE

1. Rinse with water and air dry thoroughly before storing it. Place it in a dry place, normal room condition, out of direct sun light and the deflated armbands should not be compressed by other weights on it.
2. Check seams and the foil regularly for tears and holes. If there is any defect, please discard the products and replace by a new pair.

NOTE: With proper maintenance and storage, the product life span is 4 years from the date of manufacture. You should thereupon accordingly replace the product.

DISPOSAL

If the product is out of service, please cut it and dispose according to your local council. Dispose the package carefully and thoughtfully. Do not litter. To be a good citizen and dispose of litter in an environmentally manner.
