

SmartRack Industrial Enclosure with Lock - NEMA 3R, Wall Mount, Metal Construction, Hinged Back, Internal Fans, 28 in. Depth, 12U, Red

MODEL NUMBER: SRN3RR12US

Locking metal enclosure protects your rack-mount equipment against theft, damage, tampering, and excess moisture and debris.

Features

Space-Saving Wall-Mount Enclosure Houses Rack Equipment up to 28 in. Deep

This SmartRack® industrial enclosure is designed to house 12U of 19-inch rack-mount equipment, such as network switches and patch panels. Constructed from steel with a durable red powder-coated finish, the SRN3RR12US has a maximum load capacity of 200 pounds (90.7 kilograms) and is suitable for indoor and outdoor applications, especially security, fire, law enforcement and other first-responder applications.

NEMA 3R Enclosure Designed for Protection Against Harsh Elements

The SRN3RR12US protects its contents against the ingress of water (including rain, sleet and snow), solid foreign objects (including falling dirt) and even ice forming on the outside of the enclosure. It is ideal for a multitude of industrial sites, such as factories, construction areas, utility plants, power stations, transportation terminals, distribution hubs, warehouses and other areas where you need to keep sensitive equipment secure, organized and out of the way.

Locks and Hinged Back Allow Easy Authorized Access to Equipment and Cabling

The fully welded steel housing locks securely with the included keys to protect its contents against theft, tampering and unauthorized access. The enclosure swings away from the wall on a sturdy hinge, allowing easy back-door access to equipment and cabling during installation and maintenance. Data and power cables may be routed through a bottom conduit cutout.

Easy Enclosure and Equipment Installation

This 12U industrial enclosure comes fully assembled and ready to mount to the wall with user-supplied hardware. Front and rear mounting rails adjust independently to accommodate equipment up to 28 inches deep. Hardware for mounting equipment inside the enclosure is included. Built-in fans help keep mounted equipment cool and lasting longer.

Specifications

Highlights

- Enclosed, sealed metal housing protects 12U of rack equipment up to 28 in. deep
- NEMA 3R enclosure provides protection against rain, sleet, snow and other moisture
- Door locks securely with included keys to help prevent damage, tampering or theft
- Built-in internal fans improve airflow through the enclosure and keep equipment cool
- Enclosure swings away from the wall on hinge for easy back-door access

Package Includes

- SRN3RR12US Industrial Enclosure
- (48) 10-32 screws
- (20) M6 washers
- (4) LDPE sheet metal plugs
- (4) M10 foam washers
- (2) Keys
- Owner's manual
