

ENHANCE PLUS

Engineered for world-class hearing enhancement, music, and calls. Enhance the sound, not the noise.

Advanced hearing enhancement

If you're looking for advanced medical-grade hearing enhancement that fits seamlessly into your life, look no further. These little buds enhance your hearing and refine your sound with our world-leading audio engineering.

Hear more from life

Our innovative design uses 4 dedicated microphones and our powerful medical-grade hearing technology to reduce background noise and improve speech clarity. So whether you're chatting with your partner in a busy café or catching up with friends over dinner, you won't miss a thing.

Discreet & comfortable

We've used our expert knowledge of the human ear and cutting-edge miniaturization techniques to pack all our world-leading medical-grade hearing technology into an ultra-compact true wireless earbud design; Jabra Enhance™ Plus are 50% smaller than our current smallest earbuds*.

Hear your way, faster.

When you unbox your new Jabra Enhance Plus, you're moments away from being able to hear more of what matters. Choose from three sizes of smooth silicon EarGels™ to get the fit that feels most comfortable for you, connect your buds to the free Jabra Enhance™ app, and follow the on-screen instructions to personalize and program your earbuds to suit your hearing.

Go hands-free

Wireless, hands-free calls and music are yours to enjoy – and it's all compatible with iPhone®**.

Clearer conversations. Better music.

Thanks to the powerful speakers, the advanced medical-grade hearing technology in these discreet buds doesn't just enhance the world around you, it also helps you hear your music and calls better too.

Tiny, but mighty.

We've used our advanced battery efficiency technology to make sure these little buds can keep up with you for up to 12 hours on a single charge, and up to a total of 35 hours with their compact charging case.

Choose your Listen Mode

Choose between three Listen Modes: Adaptive, Focus, and Surround. Adaptive mode self-adjusts depending on what's happening around you, Focus mode uses directional beamforming microphones to focus on sounds close to you, such as a one-on-one conversation, while Surround mode allows you to hear more of any surrounding ambient sound.

Help is always at hand

We've designed these buds to be super easy to fit yourself, with three different sizes of EarGels, and a handy app for support. And help is always at hand from our network of Hearing Care Professionals.

Tough and durable

Made from strong, durable materials, Jabra Enhance Plus earbuds are built to last. They have an IP52-rating, which means they're dust and water resistant, so come rain or shine, they work perfectly. And we also include a standard 1-year warranty for added peace of mind.***

HOW TO PAIR

Push the buttons on both earbuds for three seconds and go to Hearing Devices in the Accessibility menu of your iPhone settings to pair.

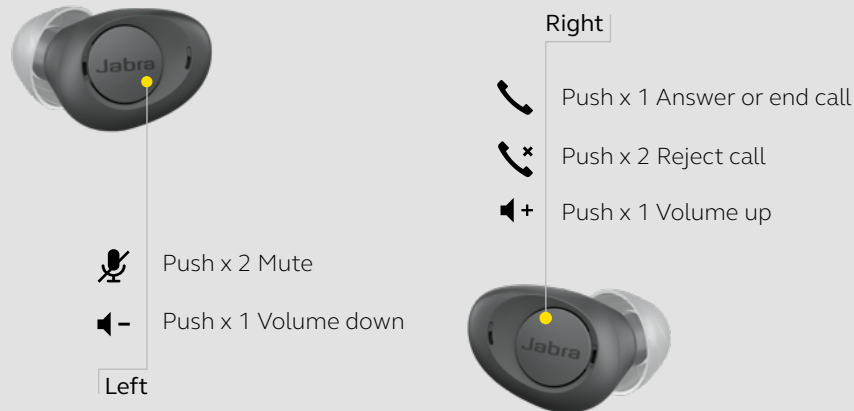

HOW TO CHARGE

Up to 35 hours total charge on the go

Up to 12 hours battery

HOW TO USE

	FEATURES	BENEFITS
Connectivity	Mobile compatibility	Made for iPhone. Not currently compatible with Android
	Bluetooth® 5.2	No audio dropouts or interruptions
Audio	Sound amplification	Enhanced clarity, personalized to your hearing needs via the Jabra Enhance app
	Warp compression with adjustable bass and treble	Sound is analyzed with resolution similar to the human ear for the most natural sound quality
	Adaptive directionality	Microphone directionality automatically adapts for improved speech intelligibility in noisy environments
	Environment based noised reduction	Improves listening comfort by reducing background noises while keeping speech clear
	Expansion	Reduces low-level environmental sounds for more enjoyable listening in quiet situations
	Impulse noise reduction	Reduces sudden, loud sounds
	Automatic digital feedback suppression	Two control systems keep feedback whistling from interfering with high quality amplification of sound
	Advanced audio coding	Enhanced sound performance
Ease of use	Personalized music	Tailor sound to your individual hearing profile via the Jabra Enhance app
	Rechargeable battery	Up to 35 hours total with charging case (mixed use). Up to 12 hours on a single charge
	Push button control	Answer/end call – Reject call – Volume control – Mute
