## FEATURES

### ULTRA-SLIM AND COMPACT

Designed for travelers, the MediaStation™ 8x Portable DVD Writer features a slim, elegant design. Easily fit it into any travel or notebook bag so you can enjoy convenient DVD creation for your adventures and memories while on-the-go!

### USB BUS-POWERED WITH LED POWER INDICATOR

The MediaStation™ 8x Portable DVD Writer features an LED power indicator that lets you know if one or two USB cables are required to power the device. Typically only one USB cable is required. However, if the power from one USB drive is not sufficient, the LED will light up to indicate that you will need to connect another power cable to the DVD writer.

### M-DISC™ SUPPORT

The MediaStation™ 8x Portable DVD Writer includes M-DISC™ support to ensure your recorded files last a lifetime. M-DISC™ recordings are resistant to light, temperature, and humidity, and have been proven to last 1,000 years.

### CYBERLINK SOFTWARE INCLUDED

Ideal for users seeking the best CD or DVD creation performance and experience from their PCs, the MediaStation™ 8x Portable DVD Writer comes bundled with CyberLink™ Power2Go for Windows®\*.

\* The bundled CyberLink™ software suite is supported on Windows® PCs only. macOS® does not natively support Blu-ray™ with drivers or software. In order to use the Blu-ray™ hardware functionality on macOS®, a third-party software such as Final Touch™ Pro or Roxio® Toast Titanium is required. macOS systems natively support the CD/DVD portion of this product.
