

USB-C 3.1 CABLE GEN2 GREY/BLANCK

The future is here to stay!
Our USB-C 3.1 with certification USB-IF
achieves a data **transfer up to 10Gbps** and
supports up to 4K video at 60Hz.
Pure power!

Up to 5 amps of charge and carries
E-mark chip! You can use it to
**charge your mobile phone, tablet
or laptop up to 100W**. Covered
with an elegant grey/black cloth

The USB Type-C connector is **easier
to use** than the connectors of
previous generations. Its reversible
design allows you to connect
devices with either side facing up.

A **vanguardist cable** with the latest
technology. One of the best allies
for **always having your devices at
100%**.
