

CSV-1563 QUICK INSTALLATION GUIDE

USB Gen2(10G) Type-C Triple 4K60Hz Display(HDMI™/DP™) Docking Station PD Charging with 135 Watt PS

Thank you for purchasing our CSV-1563 Product. After unpacking the product, please make sure you have all the items provided and checked for any damages. In case of any missing/damaged parts please inform your supplier immediately.

You should have:

- 1x CSV-1563 Docking Station
- 1x USB Type-C cable connection to Host 1m / 3.28ft,
- PowerSupply Input:100-110/240VAC, Output: up to 135W(20V/6.75A)
- QIG, Quick Installation Guide (downLoad)

Installation procedure: Before connecting the device, **PLEASE install the latest DisplayLink driver** from our website www.club-3d.com under downloads from the CSV-1563. Make sure you install the correct driver for either Windows/Chrome or Apple(MAC/M1). Upon successful installation of the correct driver, please re-boot your system to make the driver active.

Introduction:

The USB-C Triple 4K Dock is designed for extra connectivity demands. With the USB-C Docking station, you can extend the connection of a computer to more USB peripherals, Ethernet network, the speaker and the microphone via USB-C interface. Feel free to plug in upside down for USB-C plug is reversible.

Adopting PD Charging technology, upstream charging function through USB-C interface, you can charge the docking station. With the built-in

USB3.0 ports, the docking station enables you to enjoy the super speed data transmission between USB peripherals.

In addition, the docking station is equipped with three display video outputs. With triple Ultra HD display simultaneously, the docking station allows you to split up the content to triple display devices when the system supports the function. Enhanced expansion capability, this docking station with video is the most versatile accessory that also complements your home or office space.

Connection: To connect the USB peripherals, Ethernet, speaker and microphone, follow the illustrations below to connect the corresponding connectors. *Please confirm the monitor's resolution meets resolution requirements before use.*

Note(s):

1. This dock will not work without external power supply
2. After connecting to the powersupply, the blue light will turn on by default.
3. DisplayLink™ driver installation needed(see product page / downloads)
4. To achieve the above max resolution of each port, the connected host should support DP1.4 Alt mode. The above resolution will be decreased if the host only support DP1.2 due to bandwidth limitation
5. The above resolution combination is for reference, the actual video output resolution depends on the connected host and displays

Features:

- Triple 4K60 via 3x DP/HDMI
- USB-C UFP supports power delivery up to 96W
- 4x USB Type-A and 1x USB Type-C downstream ports for abundant connections of USB peripherals
- USB-C supports 20W fast charging
- 1Gbps Ethernet
- SD4.0 card reader transfers files at fast speed
- Separate audio output and microphone input
- LED indication
- Vertical installation takes up less space on the desk
- Compatible with Win/Chrome/Mac/M1 chip

OS Support:

- Win/Chrome/Mac/M1 chip
