

# ThinkPad T15p Gen 1

Designed for advanced users, this high-performance device comes with up to 64GB DDR4 memory and 2TB OPAL2 PCIe SSD storage, NVIDIA GeForce GTX graphics and octa-core 10th Gen Intel Core i7 H Series processors. Its new Ultra Performance Mode gives power users greater control over performance settings when they need to reach peak performance. And thanks to the 12-hour battery with rapid charge support and improved CAT9 WWAN connectivity, users can work from anywhere.

The optional 4K display with Dolby Vision HDR and 100% Adobe colour gamut delivers visuals that truly come to life. There's also Chroma Tune colour calibration for high-accuracy colour matching. Custom-designed Dolby speakers offer rich, loud and clear audio output.

Productivity boosting features include dedicated shortcut keys to simplify making and receiving calls online, and Modern Standby technology which downloads emails, app updates and Skype call alerts even with the laptop lid closed.

Minimal pre-loaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

## Lenovo devices that are a class apart

The ultimate productivity notebook, ThinkPad T Series will keep users productive all day with long battery life, docking and enhanced connectivity options, security and manageability features.

## Lenovo services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..
