PHILIPS

Philips HomeRun 3000 Series Aqua Vacuum and Mop Robot

XU3110/02

- with Auto-Empty station
- Light and Beluga Metallic
- Connected to HomeRun App

Daily wet and dry cleaning without effort

- Removes more fine dust than vacuuming
- Empties itself: 30 days hassle-free
- Stylish design fits with your home interior
- Intuitive to use - ideal for first-time users
- Ultra-strong suction power picks up large dirt
- Cleans up to 200 minutes on a single battery charge
- Clean each room, just the way you like it
- Detects carpets and increases suction power automatically
- Also cleans in hard-to-reach areas
- Maximum coverage of your floor: doesn't miss a spot
- Control where the robot is allowed to clean

Highlights

Vacuum and Mop in one go

The robot vacuums and mops hard floors in one go to tackle the fine layer of dust that builds up on floors every day. Removing more fine dust than vacuuming alone, so the soles of your feet will stay clean even if you walk around barefoot.

Auto-Empty station (Robbie)

The robot empties itself automatically into the Auto-Empty station. The station contains a 3.0 litre disposable, anti-allergy bag that can hold up to 30 days worth of dust and other dirt, to enjoy 30 days with no hassle of emptying. The universal s-bag can be hygienically disposed of without a cloud of dust - ideal for asthma and allergy sufferers.

Stylish design (Robbie)

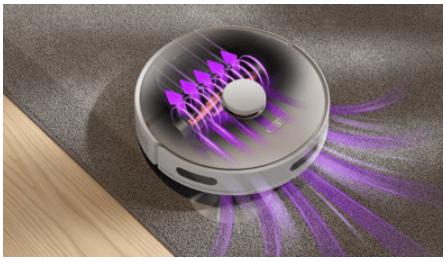

The robot and Auto-Empty station are made from high quality materials to fit in with your home interior. The Philips HomeRun Vacuum and Mop Robot 3000 Series Aqua is available in two stylish designs to fit in with your home interior: Dark and Beluga Metallic (XU3100/01) and Light and Beluga Metallic (XU3110/02).

HomeRun app

The Philips HomeRun robot app has been designed to be user-friendly and intuitive - ideal for first-time users. It features step-by-step guidance and helpful videos to ensure you're getting the very best out of your robot. The app communicates with your robot to control, report and update on its cleaning performance wherever you are, showing in real time where the robot has cleaned.

Strong suction power (Robbie)

Ultra-strong suction power (rigorously tested to reach up to 4000 Pa) can pick up large dirt, like crumbs. It takes care of the everyday dirt build-up underfoot, as well as removing finer dust from deep within crevices, carpets and rugs.

Long battery run time (Robbie)

The powerful 4800 mAh Li-Ion battery ensures a run time of up to 200 minutes, enough for up to 185 sq.m. When the battery runs low, the robot will automatically return to the station to recharge. Once the battery is charged, it will return to the place where it left off to resume the cleaning.

Bespoke cleaning plan

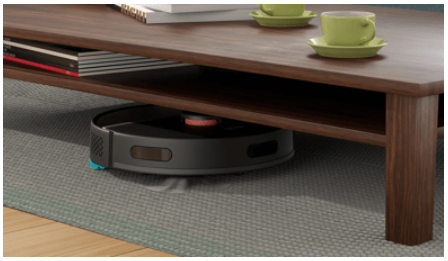

In the Philips HomeRun app, you can select on the map which room(s) should be cleaned in what order. For each room you can specify a cleaning mode, for example Wet and Dry for a regular cleaning of hard floors in the living room, Dry to vacuum only in the bedroom and Intensive for a thorough cleaning of the kitchen. If you wish, you can finetune settings like suction power or wetness of the mop.

Carpet boost (Robbie)

The robot automatically boosts suction power when it has driven onto a carpet or rug to capture fine dust particles hidden deep inside the carpet. The robot has four different suction levels: Eco, for an efficient cleaning with low energy consumption and low noise level; Normal, for a regular cleaning and effective removal of fine dust on hard floors; High for a thorough cleaning of large floors; and Max, ideal for removing large clumps of dirt like crumbs.

Manoeuvrability (Robbie)

Thanks to its low height (96 mm) it cleans also in hard-to-reach areas under sofas, beds and other furniture. For a more thorough cleaning, the Philips XU3000/01 uses its side brush to sweep along edges, to bring dirt to the suction inlet. The robot can move around your home without manual help. It can effortlessly cross hurdles up to 17 mm, for example drive over door thresholds and onto carpets or rugs. Plus, three anti-drop sensors are located on the bottom of the robot to prevent it from falling from a height or down stairs.

Specifications

General Specification

Primary Material: ABS plastic
Colour: Light and Beluga Metallic
Functions: Vacuum and Mop in one go
Product Type: Robot Vacuum Cleaner
Wet-cleaning functionality: Yes
Carpet boost: Yes
Type of main brush: Rubber brush with bristles
Liftable main brush: No
Filter Type: Washable EPA 11
Hair detangling: No
N. of side brushes: 1
Mop Technology: Passive mop
Liftable mop: No
Can be used with detergents: No
Type of navigation: LiDAR
Small obstacle detection: No
Obstacle crossing ability: up to 17 mm
Dirt detection: No
Automatic carpet detection: No, create No-Mop zones in app
Internet connectivity: Connect via Wi-Fi, Dual band
Wi-Fi range: 2.4 GHz and 5 GHz
Smart home compatibility: No
Capacity Clean Water Tank (in robot): 300 ml
Capacity Dust Bin (in robot): 350 ml
Integrated on/off switch: Yes
Power light: Yes
Noise level (standard): ⩽ 66 dB
Auto-recharge function: Yes, will charge when the battery is empty and continue where it left off when done charging.
Battery runtime: up to 200 minutes
Recharge time: max. 6.5 hours
Battery capacity: 4800 mAh
Removable battery: Yes
Certifications: CB
Suction power: 4000 Pa
Battery type: Lithium-ion
Voltage: 14.76 V
Frequency: 50/60
Warranty: 2 years
EU declaration of conformity: Yes
Produced In: China
Battery Product: Yes

Station

Auto-Emptying functionality: Yes
Mop cleaning functionality: No
Mop drying functionality: No
Automatic refilling of robot: No
Automatic collection of dirty water: No
Capacity Dust bag (in station): 3.0 L
Dust bag type: Anti-allergy S-bag
Cord length: 1.5 m
Charging Station: Yes

App

APP name: Philips HomeRun
Operating system: Android 6 and above, iOS 11 and above
How to use videos: Yes
Quick mapping function: Yes
Multi-floor mapping: Yes, save up to 5 maps
Select which room(s) to clean: Yes
Select cleaning mode per room: Yes
Select room cleaning sequence: Yes
Cleaning modes: Dry and wet, dry only, single drag, vacuum first, then mop
Suction power levels: 4
Mop wetness levels: 4
Restricted zones: Virtual wall, no-go zone, no-mop zone, no-climb zone
Clean while you're away: Yes
In-app alerts and notifications: Yes
Cleaning report and history: Yes
Maintenance dashboard: Yes
Scheduled cleaning: Yes
Contact consumer care: Yes
Automatic updates: Yes
App availability: Only available in the robot's country of purchase and if the app store is set to the country of purchase

Compatibility

Related Accessories 1: XV1433/00
