Screen Protector for OnePlus 11 5G - Curved Edge

This premium, curved edge tempered glass do not only covers the surface of the screen, but also bends around the curved edges of the phone. It offers ultimate protection against scratches, chips and cracks. It is 9 times stronger than normal glass. An anti-shatter film ensures that small glass pieces are kept in place, should the Titan Shield® break. Thanks to the real glass properties there is no change in color or touch experience when the screen protector is applied.
