Highlights

Ambilight TV

Ambilight TVs are the only TVs with LED lights behind the screen that react to what you watch, immersing you in a halo of colourful light. It changes everything: your TV seems bigger, and you'll be drawn deeper into your favourite shows, movies and games.

Sharp picture

Love everything you watch on this Full HD LED Ambilight TV. The TV's processing engine optimises picture quality to deliver sharp

images, rich colours and smooth motion. You get the best possible viewing experience every time.

Philips Smart TV

You'll find everything fast with our new smart TV. Enjoying a series? You can continue watching straight from the home screen. If you're looking for something new, you can browse categories like action or drama and see suggestions from the top streaming services — all in one place.

AI voice control

There's a choice of voice assistants! You can control the TV and ask Google Assistant to find shows and movies via Google smart speakers, or ask Alexa via Alexa-enabled devices.

Slim, attractive design.

Looking for a TV that fits with your room? The virtually bezel-free screen of this Ambilight TV always looks good, while the slim, matte-black feet make it seem as if the screen is floating. Plus, you can use Ambilight as ambient lighting with a wow effect!

Slim, attractive design.

Slim, attractive design.

Good for gaming.

Enjoy gaming? A low input lag setting activates automatically when you turn on your console, giving you smooth play even when the action gets intense. Whatever you play, Ambilight's gaming mode makes the thrills feel bigger.

Rich colours and smooth motion.

Rich colours and smooth motion, for TV and more.
