PHILIPS

Highlights

3-litre s-bag

This large Philips dust bag capacity allows you to make optimal use of your vacuum cleaner bag, which means you have to change your dust bag less frequently.

Aluminium telescopic tube

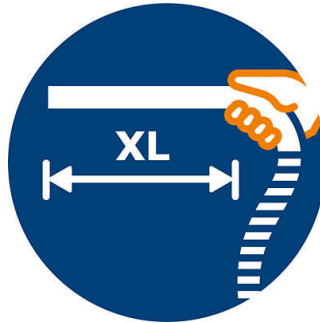

The lightweight, aluminium vacuum cleaner tube is comfortable to use and carry. The 2-piece telescopic tube can be easily adjusted to your preferred height.

TriActive+ nozzle

The TriActive+ nozzle applies 3 cleaning actions in one go: 1) It gently opens the carpet with its specially designed soleplate to remove the dust deep down. 2) It sucks up bigger bits of dirt with its larger opening at the front. 3) It sweeps up the dust and dirt alongside furniture and walls with its two side brushes.

Extra-long ergonomic grip

This ergonomically shaped grip is convenient in use. Its extra-long design gives you further reach, so you can easily clean hard-to-reach places.
