

# HyperX Clutch Gladiate - Wired Gaming RGB Controller - Xbox

## PRECISION, IMMERSION, CUSTOMIZATION.

The HyperX Clutch Gladiate RGB Gaming Controller is built for Xbox players that want a precision controller with customizable controls. This officially licensed wired Xbox<sup>1</sup> controller features dual trigger locks and remappable rear buttons so you can take control your way. Powerful dual rumble motors and impulse triggers take immersion and force feedback to the next level. Showcase your style with 3 different effects and 7 different colors of lighting customization. It also features a 3.5mm stereo jack to connect your favorite wired headset.

## Key features

### Officially Licensed by Xbox<sup>1</sup>

The HyperX Clutch Gladiate RGB is fully compatible with Xbox One and Xbox Series X|S consoles, as well as PC.

### Powerful dual rumble motors

Feel every shot, explosion, and rev of your engine more intensely with the Clutch Gladiate RGB's dual rumble motors.

### Faster trigger pulls with dual trigger locks.

Set the lock position for short pulls to execute actions faster or keep the longer pulls for trigger actions that need more finesse.

### Convenient 3.5mm stereo headset port & USB-C cable

Directly connect your favorite headset to the 3.5mm port. The premium USB-C to USB-A cable connects directly to XBOX Series X|S consoles<sup>1</sup>.

### Light the way to victory.

Put your game in the lights! Tune the RGB lighting with controls right on the controller, no additional software is needed. Choose from 3 different lighting patterns and 7 different colors.

### Impulse triggers to ramp up the immersion.

Impulse triggers deliver variable force feedback so that every shot, every hit, every rev of the engine will feel unlike previous generations of force feedback.

### Gain the advantage with programmable buttons.

Configure the rear buttons to actions like thumb stick clicks so you'll have faster access to them, giving you an extra edge on competition.
