

MPN: COAX075

Coaxial, M-F, 7.5m, Black, 75 Ohm

The Coax M-F 7.5m Black 75 Ohm (COAX075) is a high-quality coaxial cable designed for reliable signal transmission. With a length of 7.5 meters, this black 75 Ohm cable provides ample reach for connecting various devices, such as TVs, satellite receivers, and antennas. Engineered to MicroConnect's exacting European standards, this cable ensures optimal signal integrity and minimal signal loss. Benefit from our 20+ years of expertise with a coaxial cable that delivers exceptional performance and durability, making it an ideal choice for both home and professional use. Trust MicroConnect for pioneering connectivity solutions at a fair price.

Specifications

Features	Cable length	7.5 m
	Cable type	Coaxial
	Connector 1	Coaxial
	Connector 1 gender	Male
	Connector 2	Coaxial
	Connector 2 gender	Female
	Product colour	Black
Vendor information	Brand Name	MicroConnect
	Homepage	https://microconnect.me/
	Warranty	25 Year(s)
