XV1430/00

Highlights

Washable mop pads

The microfibre mop pads are machine-washable at maximum 60 degrees Celsius and easy to attach and remove. It is recommended to wash the mop after every cleaning run.

Removal of fine dust (3000)

Use the replacement mop pad on your Philips HomeRun Vacuum and Mop Robot 3000 Series Aqua. The robot vacuums and mops hard floors in one go to tackle the fine layer of dust that builds up on floors every day. Removing more fine dust than vacuuming alone, so that the soles of your feet will stay clean even if you walk around barefoot.

Replace after 3-6 months

The durable mop pads are designed to be used for a daily wet and dry deep cleaning of your floors. Replace every 3-6 months to maintain your robot's optimal cleaning performance. The HomeRun app will give reminders when the mop needs to be replaced.

Gentle yet effective cleaning

The soft microfibre material gently loosens, lifts and absorbs dust and dirt. It has been particularly designed to clean delicate surfaces like wooden floors.
