

ThinkBook 13x G2 IAP

Equipped with innovative technologies, smarter features, and advanced security solutions, this 13.3” device is the perfect partner for today’s hybrid workforce. Create and edit content, or work on web-based apps easily with the 12th Gen Intel Core i7 processors and Intel Iris XE graphics. Get access to high-speed network connectivity with the striking Wi-Fi 6E feature. The Thunderbolt 4 port allows uninterrupted data transfers and connectivity to external monitors and peripherals during business meetings and events.

Featuring an HD camera, Dolby Atmos, Dolby Vision and Harman speakers, this device is sure to level up the conferencing experience. The 16:10 aspect ratio, Gorilla glass display with an optional touch functionality enables professionals to view unrivaled visuals and seamlessly switch between apps.

Loaded with up to 32GB LPDDR5 memory and up to 2TB PCIe Gen 4 SSD storage, this powerful device ensures smooth operability on data-heavy files and applications.

Minimum preloaded applications mean maximum battery life and responsiveness for users and faster deployment for IT admin.

Lenovo devices that are a class apart

ThinkBook combines the style and user experience of consumer devices with the security and business-class support of ThinkPad.
