- Nr. of main brushes: 1 x

- Nr. of side brushes: 1 x
- Suitable for HomeRun Vacuum and Mop Robots 3000 Series Aqua: XU3100/01, XU3110/02, XU3000/01, XU3000/02

Highlights

EPA11 filter

The kit contains 2 x EPA11 filters. The filter captures more than 95% of fine dust before the air is expelled back into the room. This results in clean, dust-free air in your home. The filter should be replaced every 3-6 months.

Main brush

The main brush underneath the robot loosens and lifts dirt and dust for a thorough cleaning. Replace the main brush every 6-12 months.

Side brush

For a more thorough cleaning, the robot uses its side brush to sweep along edges, to bring dirt to the suction inlet. Replace the side brush every 6-12 months. The side brush is easy to snap onto your robot for quick and easy maintenance.
