DANUBE SAVA ᴮᴸᴬᶜᴷ

The Danube SAVA is a high-quality gaming box that stands out for its large internal space to house high-performance components. This case has enough space for graphics cards up to 410mm in length, allowing you to install even the largest on the market without problems.

In addition, the Danube SAVA features a wide variety of connectivity options, including a high-speed USB-C port on the front of the case, allowing you to transfer data quickly and efficiently.

Another of the outstanding features of the Danube SAVA are its two tempered glass panels on the front and side, which allow you to display your components in an elegant and stylish way.

Lastly, the Danube SAVA comes with pre-installed ARGB fans, allowing you to customize your gaming rig's lighting quickly and easily.
These fans also ensure excellent airflow, helping to keep your components cool during long gaming sessions.
