Lenovo V30a-24ITL AIO

This compact desktop offers expansion and performance capabilities with up to 11th Gen Intel Core i7 Processor - perfect for professionals who need higher computing performance. Graphics options include Intel UHD Graphics and Intel Iris Xe Graphics on selected models enabling users to power through data-crunching tasks and deep learning applications faster. A full HD screen with an anti-glare surface and 1000:1 aspect ratio ensures wider viewing angle so that viewers can view detailed spreadsheets clearly.

Up to 16GB DDR4 memory and up to 512GB SSD storage offer faster system boot-up for opening heavy-data files and deliver superior performance. With ports such as HDMI and dual USB-3.2 Gen2, professionals can connect multiple monitors for multitasking.

Security solutions such as integrated TPM 2.0 chipset encrypts data, BIOS security prevents unauthorized access via peripherals, and an optional camera shutter ensures privacy when not in use.

Harman HD Audio with dual array microphones, plus an optional HD 720p with privacy shutter makes for optimum web-conferencing experience.

Mainstream computing for a variety of business uses

The Lenovo V Series provides security, data protection and productivity features in an affordable package.
