CHERRY MV 3.0

Mechanical gaming keyboard with CHERRY VIOLA switches

Models may vary from the image shown

The CHERRY MV 3.0 mechanical gaming keyboard – Stylish and brilliantly illuminated. Designed with an impressive and elegant aluminum surface and a passive surrounding light ring. Together with the CHERRY Viola mechanical keys, it lights up the keyboard in RGB with incomparable brightness. The light with more than 16 million colors and numerous color routines is an absolute eye-catcher. Spectacular lighting effects can be configured and saved, and individual keys illuminated. You can select and configure ready-made light effects or configure and save your own. You can use the CHERRY key to instantly open the gaming software, which allows you to control your individual keyboard settings, key assignments and lighting.

The mechanical CHERRY Viola switches with V-shape contact system and two-stage, linear feel are developed and made in Germany.

The detachable USB-C cable means you can use the cable of your choice at home. The integrated feet can either be folded into the keyboard for a flat position or raised for a comfortable tilt angle. Full n-key rollover, anti-ghosting and WIN key lockout as well as abrasion-resistant key caps give you everything you need to play or work in style.

The CHERRY MV 3.0 – exceptionally bright for exceptional results.
