

ThinkPad T14 Gen 2 (Intel)

MIL-SPEC tested durability, a battery that can last up to 16 hours and a suite of reliable security features make this 14" business laptop the ideal companion device for the road. Although thin and light, it does not compromise on performance. It features the latest 10th Gen Intel Core processors, ultra-fast SSD storage, and modern connectivity ports such as USB-C and ThunderBolt 3 for responsive performance and seamless multitasking.

Experience uninterrupted productivity with features like Modern Standby that allows the device to receive important updates even with the lid closed and resume from standby in an instant. Optional 4G WWAN module enables reliable connectivity when WiFi signal is weak or unavailable

Prioritizes privacy and security. Optional PrivacyGuard technology renders the display unreadable for shoulder surfers. Other security features include optional IR camera with built-in privacy shutter, onboard fingerprint reader and data encryption technologies.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

Lenovo devices that are a class apart

The ultimate productivity notebook, ThinkPad T Series will keep users productive all day with long battery life, docking and enhanced connectivity options, security and manageability features.
