Portability meets productivity

Do your workday anywhere. This adjustable, spill-resistant, sanitizable keyboard fits the full keyboard experience into a compact, commuting-friendly design that saves space on your desk and in your bag. Add utility and comfort to your workday with a full numpad, directional keys, and concave keycaps that make typing quiet and comfortable.

Uncomplicated connectivity

Life is better when you have options. Dual-mode functionality gives you two simple ways to stay connected across all your devices. Securely connect up to eight[1] compatible devices with a single, encrypted HP Unifying Dongle, or switch between up to three devices with the press of a button.

Create your new favorite key

A little flexibility goes a long way. Program the F1–F12 keys to act as custom shortcuts, or automate difficult keystroke combinations to perform your day-to-day tasks in a fraction of the time[1]. HP Accessory Center software makes it easy to set and change commands on the fly.

Sustainability in action

Built for a better tomorrow

The better choice for a brighter tomorrow, the HP 475 Dual-Mode Wireless Keyboard contains 50% post-consumer recycled materials[2]. With FSC certified, plastic-free packaging, you can be confident knowing you have a Bluetooth® keyboard that is helping protect our shared future while doing amazing things for you.
