

# ThinkStation PX

Powered by up to two 4th Gen Intel Xeon scalable processors, this workstation comes with high processing power helping business professionals to handle most extreme workflows. Combined with up to four NVIDIA RTX™ 6000 Ada Generation GPUs, this workstation runs the most complex computing workloads seamlessly. Moreover, the discrete TPM 2.0 chipset ensures that no unintended users gain access to confidential data and the Kensington security slot protects the device from thefts.

Configured with up to 2TB DDR5 memory, this workstation offers portable power and enables specialists to power through compute-intensive workflows and multi-user collaboration.

To view and compare detailed spreadsheets, the workstation offers easy upgrades to professionals by helping them connect to multiple displays via discrete graphics.

Optional EPEAT Gold and ENERGY STAR 8.0 certification makes it an energy-efficient device.

## Professional machines for advanced users

ThinkStation P3 Series workstations provide affordable power-computing with a choice of processor technologies, expansion bays and support for multiple storage drives.

## Lenovo services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..

### On-site Service

If a problem can't be fixed remotely, we will visit your location  
Normally next business day service  
Agreed appointment times

## Accessories

### Lenovo Essential Wired Keyboard & Mouse

USB wired keyboard & mouse combo. Low profile island style keys, LED indicators & adjustable feet  
Spill-resistant keyboard with waterproof membrane to protect from accidental spills  
Mouse with 1000 DPI optical sensor and scroll wheel for precise control

PN: 4X30I79883

### Lenovo Essential USB Mouse

Convenient and easy plug-and-play connection to PCs via a USB cable  
Ergonomic full-size design provides a comfortable grip for all day comfort  
Ambidextrous design, high-resolution 1600 DPI optical sensor experience smooth movement

PN: 4Y50R20863
