

ThinkPad T14s Gen 4 (Intel)

With so many options in the market, this ThinkPad checks all the boxes of a perfect laptop for hybrid users. With revolutionary performance and efficiency cores, 13th Gen Intel Core processors enable seamless gaming, recording and streaming experience. The up to 32GB memory and 2TB SSD storage capabilities help work on large files and multiple applications without slowing down the machine. It is integrated with a 57Wh battery that lasts up to 12.4 hours in just a single charge.

The device is equipped with a slew of connectivity ports including USB 3.2 Gen 1, HDMI and dual Thunderbolt 4 for daisy-chaining multiple devices together, high-speed data transfer, power delivery and connecting to external display and monitors.

This 14" ThinkPad comes with a 2.8K screen resolution, anti-glare surface, 16:10 aspect ratio and 100% sRGB color gamut offers an expansive view of images and texts that are clear, detailed and crisp.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

Lenovo devices that are a class apart

The ultimate productivity notebook, ThinkPad T Series will keep users productive all day with long battery life, docking and enhanced connectivity options, security and manageability features.
