

MPN: RAB300BL

by Logon 1U 19" SNAP LOCKING BLANK PANEL BLACK

Blanking Panels with a closed surface are used to control the airflow inside of server racks.

Without blanking panels, the hot exhaust air from the rear of the servers will recirculate through empty spaces in the server rack into the air intakes on the front of the servers which will significantly reduce the cooling efficiency of the system.

Blanking panels are the easiest and first step towards achieving your Power Usage Effectiveness (PUE) goals. Along with the increase in airflow efficiency, the blanking panels give your rack a seamless and professional appearance.

- RAL9005
- Snap locking

Specifications

Features	Compatible rack width	19 "
	Easy mounting	Yes
	Housing material	Steel
	Mounting hole shape	Oval
	Number of attachment points	2
	Preassembled	Yes
	Product colour	Black
	Rack capacity	1U
	RoHS compliance	Yes
	Type	Blanking Panel - Snap type
	Other features	Dimensions (WxDxH)
Rack mounting		Yes
Packaging content	Cage nuts included	Yes
	Screws included	Yes
Vendor information	Brand Name	Lanview
	Warranty	5 Year(s)
