USB video bar for clear collaboration

Quality audio and video for mid-sized rooms. Poly Studio is an easy-to-use USB video bar designed for medium meeting spaces. Advanced acoustics ensure everyone sounds their best. Poly DirectorAl smart camera technology shows just enough of the room.

Be clearly seen

See the important details with built-in group and speaker framing provided by Poly DirectorAl smart camera technology.

Catch every word

Powerful stereo speakers ensure everyone can hear. A sixmicrophone array gives you the confidence your ideas will come across clearly.

Silence distracting sound

Poly NoiseBlockAl and Acoustic Fence technology tune out distracting sounds and outside conversations that interrupt meetings.

Featuring

NoiseBlockAl technology

Poly NoiseBlockAl technology reduces distracting sounds.

Acoustic Fence technology

Poly Acoustic Fence technology keeps voices outside the room from interrupting your calls.

Microphone range

Up to 15 ft/4.6 m of microphone pickup range, or further with optional expansion mics.

Hi-fidelity speakers

High-fidelity stereo speakers fill the room with sound so that remote participants can be heard clearly.

Poly DirectorAl technology

Smart camera with Poly DirectorAl technology automatically frames the room or tracks the person speaking for deeper engagement.

120-degree field of view

See everyone in the room while avoiding fisheye distortion with its ultra-wide 120-degree field of view.
