

# HP 8GB DDR4 3200 SODIMM Memory

## More Memory, More Performance

Upgrade your laptop's memory for unbelievably fast speed, improved capacity and superb reliability. Upgrade to 8 GB DDR4 3200 MHz SODIMM to open up your workspace to its full potential. Make way for all the things you need to get done, at once.

\*Product image may differ from actual product

### Memory That Keeps Up with You

Expand your laptop's memory for speed, space, and seamless productivity. With the DDR4 3200 MHz SODIMM, you'll have plenty of room to work and play and multitask with ease<sup>1</sup>. Open your workspace for more and worry about computer memory less.

### Extremely Efficient

Upgrading your SODIMM doesn't just expand your RAM, it increases the overall computing power of your HP laptop—opening the floodgates of speed and productivity<sup>1</sup>. And DDR4 is extra efficient, so all that power doesn't drain your battery instantly or heat everything up.

### The Reliability You Need

Invest in genuine HP-branded memory that's tested, certified, and built for HP laptops. Robust and reliable, this product even comes with an extensive 3-year warranty, just in case.

## Footnotes

### Messaging Footnotes

<sup>1</sup> Due to the non-industry standard nature of some third-party memory modules, we recommend HP branded memory to ensure compatibility. If you mix memory speeds, the system will perform at the lower memory speed.

### Technical Specifications Footnotes

<sup>1</sup> Due to the non-industry standard nature of some third-party memory modules, we recommend HP branded memory to ensure compatibility. If you mix memory speeds, the system will perform at the lower memory speed.
