LS27C430GAU

Key features

Flat IPS screen: Experience gorgeous colors across the entire display with the IPS panel. Colors remain bright and clear across the screen, even when you change angles. Tones and shades are represented consistently and beautifully with less color washing.

Eye Saver Mode & less screen flickering: Care for your eyes and stay comfortable, even during long sessions. Advanced eye comfort technology certified by TÜV reduces eye strain by minimizing blue light and reducing irritating screen flicker.

Multiple inputs: A variety of inputs brings a convenient computing experience. Plug in multiple devices straight into your monitor with a USB hub, HDMI port, D-sub connector and a DisplayPort input. Versatility meets connectivity for all your devices.

Ergonomic design: Superior design for ultimate everyday versatility. The height-adjustable monitor swivels, tilts, and pivots for you to see your work easily and comfortably. The sleek and clean design adds a touch of style to your office interior, with VESA-compatible mounting.

SAMSUNG

All tests and measurements were conducted by Samsung internally.

Competitor product specification taken from respective websites and correct at time of publication.

¹Intelligent Eye Care is certified by TÜV Rheinland. For more details, visit www.tuv.com.

²ISO 9241-307:2008 establishes test methods for the analysis of a variety of visual display technologies, tasks and environments. It uses the measurement procedures of ISO 9241-305 and the generic requirements of ISO 9241-303 to define compliance routes suitable for the different technologies and intended contexts. More information at: <https://www.iso.org/standards.html>.

³Based on internal testing data of S80PB, S80TB and T45F monitors only. Testing compared energy usage of these models with Eco Saving Plus mode, also known as Save Energy on newer models, switched on high setting and switched off. Actual energy savings may vary based on usage conditions, brightness levels, and model selected. Eco Saving Plus is not available in Dynamic Contrast Mode, Game Mode, Eye Saver Mode, or when PIP/PBP Mode is on.

⁴See www.tcocertified.com for more information.

⁵See www.epeat.net for more information.

⁶84% of the plastic used in the product is recycled.

⁷All models are staple free. All recycled plastics used in our monitors are chemical spray-free.
