

MPN: MMLE091-16GB

16GB Memory Module ECC, DDR4 PC4 25600, 288PINS, DIMM

In CoreParts you will find a wide range of alternative RAM modules all using original chip sets, that match the performance of your original RAM modules with different sizes, and capacities, manufactured by high-end, certified and trusted suppliers.

- High Quality
- Tested and certified
- Matching Performance
- Reliable with 10 years Warranty

Specifications

Features	CAS latency	22
	Component for	Notebook
	ECC	Yes
	Internal memory	16 GB
	Internal memory type	DDR4 PC4 25600
	Memory clock speed	3200 MHz
	Memory form factor	288PINS DIMM
	Memory layout (modules x size)	1 x 16 GB
	Memory voltage	1.2 V
	Module configuration	1024M x 8
Other features	Capacity	16 GB
	Chips organisation	1024*8
	Number of pins	288
Packaging data	Package type	Box
Vendor information	Brand Name	CoreParts
	Warranty	1 Year(s)
