

Lenovo V14 G3 ABA

Modern professionals working on-the-move can rely on this entry-level 14" notebook for smooth collaboration and enhanced computing from anywhere. Equipped with up to AMD Ryzen 7 processors and integrated AMD Radeon graphics, it enables seamless multi-tasking of web-based apps and basic productivity software. A battery life of up to 10.9 hours means extended work hours outdoors without needing to charge your device full day.

Configure with both a HDD drive and ultra-fast M.2 SSD storage for improved system responsiveness and faster retrieval of project files, technical drawings or large spreadsheets. Onboard connectors include 3x USB ports for connection to a USB dock, printer or external storage device.

An FHD screen with up to 300 nits brightness gives clear visuals and the anti-glare technology protects the eyes during extended usage. Dolby audio speakers with dual-array microphones deliver clear sound quality during calls or meetings.

We've enhanced the design of this affordable notebook, using the latest textured materials, a slimmer design and narrower frame around the screen that's reduced by one third compared with the previous generation.
