

HP t310 Quad-Display Zero Client

Expand your view and productivity with a quad-display Zero Client

Multi-task like a pro and get simple, secure, workstation-class PCoIP performance for all your design, content creation, and business applications with the HP t310 Quad-Display Zero Client, the newest HP Zero Client, which supports up to four displays.¹

*Product image may differ from actual product

Master multi-tasking in stunning resolution

- See and share all your projects on a DisplayPort™³-enabled multi-display¹ setup—no hubs or adapters required. Now you can run multiple graphics, modeling, and simulation feeds on two 2560 x 1600 displays or four 1920 x 1200 displays.

Worry-free security

- Secure your work with a Teradici Zero Client that has no OS and transmits pixels instead of data. Say goodbye to patches, updates, and viruses. Plus, low noise, heat, and power consumption mean the hardware's easy to maintain, too.

Powerful performance

- Experience high-resolution, full-frame rate 3D graphics and HD streaming media across all your displays¹ from the accelerated performance of PCoIP hardware. Connect quickly to your USB devices, and send and receive HD audio without any lags.

Additional features

- Get your users to work right away, whatever the task—full-blown VDI, local software applications, video rendering to quad displays¹ or all the above—with a true driverless and stateless Zero Client.
- Use your HP t310 with VMware® Horizon 6 to give your users an optimized, on-demand, secure virtual workspace for remote desktops, applications, and video streams on a single, efficient platform.¹
- Compatibility with Amazon WorkSpaces enables easy provisioning of cloud-based desktops so your users can access their documents, applications, resources, and more.¹
- Stay in contact with colleagues with support for unified communications (UC) solutions.¹
- Enjoy flexible network connectivity with the standard RJ-45 interface or an optional Fiber Optic network adapter.¹
- Keep your cabling clean with all the connections you need and none you don't—four DisplayPort™ outputs, four USB 2.0, and audio, mic, and speaker jacks.³
- Rest easy with a three-year limited warranty and HP Care service options.²
- Manage your Zero Client and keep it up-to-date with PCoIP Management Console. A one-year subscription to Desktop Access is included with the purchase of every new HP t310 Zero Client^{3,4}

HP t310 Quad-Display Zero Client Specifications Table

*Product image may differ from actual product

Available Operating Systems	Operating system independent
Available Processors	TERA2140 PCoIP Zero Client
Maximum memory	512 MB DDR3-1333 SDRAM Transfer rates up to 1333 MT/s
Display support	Supports 4 displays with resolutions up to 1920 x 1200 or 2 displays with resolutions up to 2560 x 1600
Available Graphics	Graphics integrated on processor
Protocols	VMware® Horizon View™ through PCoIP; VMware Horizon® DaaS® through PCoIP; Amazon WorkSpaces through PCoIP ^{1,2}
Ports and Connectors	Front: 2 USB 2.0; 1 microphone jack; 1 headphone jack ; Back: 1 headset connector; 1 power connector; 1 RJ-45; 2 USB 2.0; 4 DisplayPort™ 1.2 ⁵ ; (1 each of 4 USB 2.0 ports are used for keyboard and mouse)
Input devices	HP USB Keyboard; HP USB Mouse;
Communications	WLAN: 10/100/1000 GbE; 100 Mbps Fiber NIC (optional); 1 Gbps Fiber NIC (optional); Wake on LAN (WOL) using magic packet; Wake on USB; TCP/IP with DNS and DHCP; UDP ;
Security management	HP Cable Lock slot;
Power	36 W, worldwide auto-sensing, 100-240 VAC, 50-60 Hz
Dimensions	4.48 x 13.25 x 18.3 cm (Without stand)
Weight	Starting at 0.802 kg
Warranty	3-year (3-3-0) limited warranty and service offering includes 3 year of unit exchange with no on-site repair. Terms and conditions vary by country. Certain restrictions and exclusions apply.

HP t310 Quad-Display Zero Client
