NANOCABLE
The way to connect

POWER STRIP EQUIPPED WITH A SWITCH

Nanocable introduces the perfect family of power strips designed for domestic and professional applications. Available in black and white as well as with three, four or six sockets, what are you waiting for discovering them?

Do you need to plug in several devices? Simply use our power strip and don't worry if you don't have enough sockets in your room or office.

Nanocable's power strip comes with an **ON/OFF switch**. This allows you to safely disconnect all your devices from the mains.

Choose the power strip that's perfect for you. Supplied and packaged in our signature reusable Nanocable bag.
