

Poly Voyager Legend Headset + Integrated Charge Cable + Pin Adapter

Answers the call, answers to you

Here's the headset that meets the demands of mobile professionals like never before, with connectivity to your preferred device. Smart sensor technology keeps you productive, voice alerts keep you informed, and voice commands keep you in charge. And with precision-tuned triple mics that cancel noise and wind—it's the only headset you need for your mobile life.

Outstanding audio quality

Hear the difference with the precision tuned triple-mic with enhanced Digital Signal Processors (DSP) for superior noise cancellation. Advanced WindSmart technology provides three layers of wind protection and integrated A2DP lets you listen to streaming media from your mobile phone or tablet.

Simply intuitive

Combining voice commands and smart sensor technology, Voyager Legend understands how and when you want to talk. Sensors react when you put the headset on, letting you quickly take a call without a click. If you're already wearing it, the headset announces who's calling and waits for you to say "answer" or "ignore". Simply tap the voice command button and ask to check battery level, connection status, and more.

Smart sensor technology

Smart sensors know when the headset is on or off, so calls can be easily answered by simply putting on the headset; pause music for incoming calls, or mute a call by taking the headset off.

Mic check, 1-2-3

Sound your best in the worst traffic, street noise, or crowded areas. With precision audio, multi-microphones optimize your voice and minimize noise caused by wind, movement, and background sounds.

Never miss a beat

The rechargeable pocket-sized charge case protects the headset and holds up to two full charges, so Voyager Legend will always be good to go.

Protection from the elements

This headset works as hard as you do, through rain, sweat and the inevitable coffee spill. Protected against sweat and moisture damage with P2i technology.

You're in command

Separate mute, call, volume, and power buttons provide easy access and control. Toggle, slide, or tap the button you need without having to look at the headset.

Specifications

Connectivity and communications

Wireless range: Up to 10 m

Wireless range (Imperial): Up to 33 ft

Paired devices: Up to 8

Supported bluetooth profiles: A2DP, AVRCP, HFP, HSP 1.2

Connection type: Bluetooth®

Headphone type: In-ear (monoaural)

Voice assistant: Siri; Google

Voice alerts: Volume maximum; Volume minimum; Mute on; Mute off; Muted; Connection status; Talk time; Battery low

Voice commands: Answer; Ignore; Battery check

User interface features

Button user controls: Call answer/end; Mute; Volume +/-; Play/pause; Voice Assistant

Audio

Audio features:

Smart sensor technology

Echo cancellation

Sidetone detection

Internal adaptive 20-band equalizer

Microphone bandwidth: 100 Hz to 6.8 kHz

Charge time: <1.6 hours

Battery

Battery life: Up to 11 days (standby time); Up to 7 hours (talk time); Up to 21 hours (talk time with charging case)

Battery description: Rechargeable Li-ion polymer

Certifications

Special features: Multipoint technology; Sweatproof nano-coating by P2i for sweat and moisture protection

Environmental

Acoustic protection technology: SoundGuard¹

Minimum system requirements

Bluetooth®

Weight and dimensions

Product Primary Color: Black

Weight (Imperial): 0.04 lb

Weight (metric): 18 g

UPC number: (ABA) 197497169065; (ABL) 197497194272

Product number: 7W6B8AA

Warranty

Poly standard one-year limited warranty

What is in the box

Wireless headset

S/M/L eartips

Modular AC wall charger

Charging case

Magnetic USB charging cable

Technical Specifications Footnotes

¹ Protects against Acoustic Shock by limiting sounds to below 118 dBA.
