Fast mono and colour print, keep cost under control

- Don't waste time waiting on prints—high-productivity monochrome and colour speeds up to 12 A1 pages/min.[2]
- Excellent technical prints with HP PageWide XL pigment inks—vivid colour, crisp lines, fine detail beat LED.[3]
- Save with low running costs in mono and colour[4] and with up to 10 times lower energy consumption.[5]
- Eco-Carton replaces plastic cartridge—80% reduction in plastic and 66% C02e reduction[6], free take back.[7]

Extreme simplicity

- Easy printing and workflow efficiency with HP Click, HP SmartStream software, HP SmartTracker cost control.
- HP's largest 15-inch touchscreen[8] makes it easy to operate from the front and the back.
- Easy collaboration—access personal/network group folders at touchscreen; print, save, and share right away.

World class printer protection with HP Wolf Pro Security

- Enhanced network protection with HP Connection Inspector dynamic security, HP Secure Boot, and Whitelisting.[1]
- Keep your fleet secure and set security preferences—any time—with HP Security Manager software.
- Control who accesses the printer and its confidential documents with secure user authentication.

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: http://www.hp.com/learn/ds
