ICY BOX **IB-NH400-R**
Rotatable and fully adjustable notebook stand

Rotatable and height-adjustable

Finding the right angle for your notebook is easy with the IB-NH400-R, as the base can be rotated 360 degrees. The notebook holder itself can be extended by up to 10 cm and supports notebooks with a screen diagonal of up to 17 inches (approx. 43 cm) and a maximum weight of 5 kg.

High-quality workmanship

The notebook stand is made of high-quality aluminium and offers reliable stability and quality with precisely processed hinges. The look is elegantly sleek and blends seamlessly into the décor of your workplace or desk at home.

Secure stand without restrictions

Strategically placed anti-slip pads on the IB-NH400-R's shelf provide a secure hold for almost any notebook. Ventilation holes in the shelf surface mean that the optimal airflow specified by the manufacturer is not restricted, no matter how the base is adjusted.
