USB to 2.5 Gigabit Ethernet LAN adapter

Gigabit Connectivity Anywhere

Enjoy the internet without restrictions: With a data transfer rate of up to 2.5 Gbit, our adapter offers you an ultra-fast connection. This means you can easily download large files, stream films and series in high resolutions or experience flawless online gaming.

Plug, Play, Any Device

Experience hassle-free connections across devices. With a universal dual USB Type-C® and Type-A interface, it can be connected to almost all notebooks, desktops, and even tablets and smartphones. Without installing any drivers and compatible with all operating systems, you can get started straight away. Simply plug and play!

Sophisticated Aluminum Design for Mobility

The network adapter is made of high-quality aluminium and designed with mobility in mind. This means that the adapter can fit in almost any service case, backpack, or luggage. So you can quickly and easily establish a wired internet connection – whether you are at home, at work, or on the road.
