# A healthier sleep, always

Purifier with dedicated Sleep mode

Breathe healthy air with the Philips air purifier. Its advanced filtration system filters out bacteria, allergens and harmful agents. The Healthy air protect alert assures you of healthy air always.

## Benefits

### Healthy Air

- With advanced filtration system
- Sleep mode cleans silently with dimmed indicators

### Always

- Healthy air protect alert warns you when to replace filter

## Features

### Advanced filtration system

The advanced filtration system eliminates harmful agents in two stages: In stage 1, the activated carbon filter acts as pre-filter to catch big particles like human hair and regular house dust, and effectively removes odors and harmful gases. In stage 2, the HEPA filter filters out fine dust, bacteria and allergens.

### Simplicity

- 3-step fan speed lets you adjust air flow to your liking
- 1/4/8 hours easy-to-set timer

### Sleep mode

This Philips purifier operates very quietly and dimmed lights, to allow you to sleep undisturbed. The purifier switches to lower activity level, the fan speed and noise level are reduced and the energy consumption is minimised.

# PHILIPS

### Healthy air protect alert

Healthy air protect alert gives you a timely warning when to replace the filter. When the filter is not replaced in time, the appliance stops functioning to avoid running with no effect since filter is full. It is your assurance of healthy air always.

### 3-step fan speed

3-step fan speed lets you adjust air flow to your liking.

### 1/4/8 hours easy-to-set timer

Appliance operates for a set number of hours and automatically switches off when set time has elapsed.

## Specifications
