

MPN: FIBLCMUMU-05

Optical Fibre Cable, MU-MU, Simplex,  
(Yellow) 5m

The Optical Fibre Cable MU-MU Simplex provides a reliable and high-performance solution for your fibre optic network connections. Identified by MPN FIBLCMUMU-05, this 5-meter cable features MU connectors on both ends, ensuring seamless connectivity between compatible devices. Its simplex design and yellow jacket adhere to industry standards, simplifying identification and installation. Built with premium materials, this cable delivers optimal signal transmission with minimal loss, making it perfect for data centers, telecommunications, and other high-bandwidth applications. MicroConnect brings over 20 years of expertise to this pioneering connectivity solution, providing premium quality and ensuring reliable performance within your critical network infrastructure.

- Designed for Data Centers, Industry and Computer Centers
- LSZH (Low Smoke Zero Halogen) and flame retardant
- RoHS compliant
- Fibre Standard G.652.D

Specifications

|                    |                      |              |
|--------------------|----------------------|--------------|
| Features           | Cable length         | 5 m          |
|                    | Connector 1          | MU/UPC       |
|                    | Connector 1 gender   | Male         |
|                    | Connector 2          | MU/UPC       |
|                    | Connector 2 gender   | Male         |
|                    | Fiber mode structure | Single-mode  |
|                    | Fibre optic type     | OS2          |
|                    | Product colour       | Yellow       |
| Technical details  | Full duplex          | No           |
