

# HP ProOne 240 23.8 inch G10 All-in-One Desktop PC

## All-in-One value, all in one PC

The HP ProOne 240 All-in-One provides power and features for productivity and business-grade performance. A great value, with up to an Intel® Core™ Ultra 7 processor<sup>2,4</sup> which features a neural processing unit (NPU) for AI<sup>4,5</sup> a 23.8-inch Full HD display<sup>3</sup>, video-enhancement features in a sleek, stylish design, and tiltable camera.<sup>7</sup>

### Adapted for today's work

Set yourself up for success, whether remote or in-office. The HP ProOne 240 AiO offers powerful, business-grade performance, while enhanced video features enable an easy, engaging virtual meeting experience—all-in-one simple design.

### Remarkable tech

Get the latest technology at a great value with robust storage and updated memory options, featuring up to Intel® Core™ Ultra 7 processor.<sup>2</sup> Thanks to the NPU<sup>4</sup> on the CPU, this AiO supports the tools for Windows Studio Effects.<sup>5</sup>

### Sleek, professional design

Equipped with a three-sided micro-edge display, the slim, stylish HP ProOne 240 23.8 inch AiO PC with rear-facing ports frees space on your desk. Adapt to your comfort zone with an adjustable-height stand<sup>6</sup> and tiltable camera.<sup>7</sup>

\*Product image may differ from actual product

### Sustainability in action

### Help protect our shared future

This HP ProOne 240 AiO PC is designed using 50% post-consumer recycled plastic in the speaker enclosure<sup>8</sup>, and the outer box packaging is 100% sustainably sourced and recyclable.<sup>9</sup>

# HP ProOne 240 23.8 inch G10 All-in-One Desktop PC

## Featuring

### HP Recommends Windows 11 Pro for Business

Work anywhere without compromising on performance with Windows 11 and HP collaboration, security, and connectivity technology.<sup>1</sup>

### Latest Intel® multi-core processor

Configure your CPU for the perfect combination of future-ready power, performance, and value. Up to an Intel® Core™ Ultra 7 processor handles multiple work tasks smoothly and reliably. Ready for current and future AI with an optional NPU.<sup>2,4,5</sup>

### HP Auto Frame

Move around a little without losing viewers' attention during video calls with HP Auto Frame.<sup>6</sup>

### Be Right Back

Step away from the camera during video conference calls without disrupting the meeting or attendees with the Be Right Back feature. Simply replace the video with a still image while you are away and switch back to your live image when you return.<sup>6</sup>

### Versatile administrative and set-up options

This space-saving AiO fits various workspaces and use cases. Easy to set up for use at the front desk, in an open office environment, or your home office. It can serve a wide variety of uses including as a point-of-sale register, a kiosk, a digital sign, and more.

### Online meetings made simple

Easily collaborate with colleagues and customers on the 23.8-inch diagonal Full HD display. Be seen and heard with the tiltable camera, down-firing speakers, and dual-array microphone.<sup>3,5</sup>

### Get comfortable

The 23.8-inch diagonal tilt display allows users to find the optimum placement and create an ideal workspace.<sup>11</sup>

### Simple PC management

Spend less time and get right to the updates you need with HP Support Assistant.<sup>12</sup>

## Footnotes

### Messaging Footnotes

<sup>1</sup> Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows is automatically updated and enabled. High speed internet and Microsoft account required. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.windows.com>.

<sup>2</sup> Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance.

<sup>3</sup> Full high-definition (FHD) content required to view FHD images.

<sup>4</sup> Features and software that require an NPU may require software purchase, subscription or enablement by a software or platform provider, and third-party software may have specific configuration or compatibility requirements. Potential NPU inferencing performance varies by use, configuration, and other factors.

<sup>5</sup> Eye Contact, Background Blur, and Automatic Framing are Windows Studio Effects features that require Windows 11 OS and a processor equipped with an NPU. AI features may require software purchase, subscription, or enablement by a software platform provider, or may have specific configuration or compatibility requirements. Performance varies by use, configuration, and other factors.

<sup>6</sup> All-in-One stand offerings include adjustable-height stand or fixed-height stand and must be configured at the time of purchase.

<sup>7</sup> Tilttable Camera with a range of 20-degrees forward and 5 degrees backward.

<sup>8</sup> Recycled plastic content percentage is based on the definition set in the IEEE 1680.1-2018 EPEAT standard.

<sup>9</sup> 100% outer box packaging made from sustainably sourced certified and recycled fibers.

<sup>11</sup> Adjustable tilt display with a range of 5-degrees forward to 20-degrees backward.

<sup>12</sup> Internet access required.

<sup>1</sup> Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows is automatically updated and enabled. High speed internet and Microsoft account required. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.windows.com>.

### Specification Footnotes

<sup>2</sup> Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance. (AMD's numbering is not a measurement of clock speed. Qualcomm's numbering is not a measurement of clock speed.)<sup>1</sup> Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows is automatically updated and enabled. High speed internet and Microsoft account required. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.windows.com>.

<sup>3</sup> Max Boost clock frequency performance varies depending on hardware, software and overall system configuration.

<sup>4</sup> Note: Your product does not support Windows 8 or Windows 7. In accordance with Microsoft's support policy, HP does not support the Windows 8 or Windows 7 operating system on products configured with Intel® and AMD 7th generation and forward processors or provide any Windows 8 or Windows 7 drivers on <http://www.support.hp.com>.

<sup>5</sup> Actual data rate is determined by both the system's configured processor and memory module installed.

<sup>6</sup> For storage drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 30 GB (for Windows 10) of disk is reserved for system recovery software.

<sup>7</sup> HD content required to view HD images.

<sup>8</sup> Note: AMD integrated Radeon™ Vega Graphics varies by processor.

<sup>9</sup> Keyboards and mice are optional or add-on features.

<sup>10</sup> McAfee LiveSafe™: subscription required.

<sup>11</sup> HP Cloud Recovery is available for HP Elite and Pro desktops and laptops PCs with Intel® or AMD processors and requires an open, wired network connection. Note: You must back up important files, data, photos, videos, etc. before use to avoid loss of data. Detail please refer to: <https://support.hp.com/us-en/document/c05115630>.

<sup>12</sup> Simply sign up and start using Xerox® DocuShare® Go. No credit card. No obligation. Data will become unavailable unless a subscription is entered before the end of the 90 day free trial period. See visit [www.xerox.com/docusharego](http://www.xerox.com/docusharego) for details.

<sup>13</sup> External power supplies, power cords, cables and peripherals are not low halogen. Service parts obtained after purchase may not be low halogen.

<sup>14</sup> Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited. Wi-Fi 6 (802.11ax) is backwards compatible with prior 802.11 specs. The specifications for Wi-Fi 6 are draft specifications and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the notebook to communicate with other 802.11ax WLAN devices. Only available in countries where 802.11ax is supported.

<sup>15</sup> Starting November 1st, 2023, HP PCs with Windows require Windows to be installed on SSD. HDD can only be configured as additional data drives and not as the boot drive.

<sup>16</sup> Features and software that require a NPU may require software purchase, subscription or enablement by a software or platform provider, and third party software may have specific configuration or compatibility requirements. Performance varies by use, configuration, and other factors.
