- Control lights with your voice*
- Create a personalised experience with colourful smart light
- Set the right mood with warm to cool white light
- Unlock the full suite of smart lighting features with the Bridge
- Seamlessly blend colours
- Shape, cut or extend
- Extendible up to 33 feet
- Dynamic light scenes

Highlights

Control up to 10 lights with the Bluetooth app

With the Hue Bluetooth app, you can control your Hue smart lights in a single room of your home. Add up to 10 smart lights and control them all with just the touch of a button on your mobile device.

Control lights with your voice*

Philips Hue works with Amazon Alexa and the Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Simple voice commands allow you to control multiple lights in a room, or just a single lamp.

Create a personalised experience with colourful smart light

Transform your home with over 16 million colours, instantly creating the right atmosphere for any event. With the touch of a button, you can set a festive mood for a party, turn your living room into a movie theatre, enhance your home decor with colour accents, and much more.

Set the right mood with warm to cool white light

These bulbs and light fixtures offer different shades of warm to cool white light. With complete dimmability from bright to low nightlights, you can tune your lights to the perfect shade and brightness of light for your daily needs.

Unlock the full suite of smart lighting features with the Bridge

The Bridge unlocks the features that make smart lighting truly smart – away-from-home control, voice control, automated lighting and much more. Add a Bridge to your setup to create immersive experiences, tap into technology that's secure and reliable, and more. The Bridge is the key to smart lighting like you've never seen before.

Seamlessly blend colours

Get a seamless blend of multiple colours of light at the same time in a single LED strip. The colours flow together naturally, casting light to showcase a unique effect.

Shape, cut or extend

Completely flexible, the gradient lightstrip lets you shape and bend it to fit your space. Attach a gradient lightstrip extension for larger surfaces or cut the strip to size to fit into a smaller space.

Extendible up to 9.75 metres/32 feet

Extend your Philips Hue gradient lightstrip up to 9.75 metres/32 feet with 1-metre/40-inch extensions. Cover larger areas with a colourful and consistent blend of light, such as full-room cove lighting or under a bed.

Dynamic light scenes

Amp up the ambiance of special moments with living light. Use dynamic scenes to create the perfect mood in any situation.
