

EW3241

Dual-Connect Wireless Mouse, Bluetooth | 2.4Ghz with USB-A receiver

- **Multi-Device and OS Compatibility:** Seamlessly switch between two devices with different operating systems (Windows, macOS, iOS, Android, and ChromeOS) for versatile usage.
- **Dual Connectivity Options:** Supports both Bluetooth 5.0 and 2.4GHz connections, ensuring flexibility and reliability.
- **USB-A Nano Receiver:** Compact USB-A nano receiver included, conveniently storable in the mouse to prevent misplacement.
- **Intelligent Power Saving:** Features an intelligent power-saving function, optimizing battery energy for prolonged battery life.
- **Wireless Range:** Enjoy a wireless range of up to 10 meters, providing flexibility in device placement.
- **Quiet Click Buttons:** Quiet Click buttons deliver a silent and unobtrusive clicking experience, creating a quieter work environment.

DESCRIPTION

The EW3241 mouse presents an unparalleled solution for effortless multi-device and OS compatibility. Seamlessly switch between two devices, each operating on a different system—whether it's Windows, macOS, iOS, Android, or ChromeOS—offering unmatched versatility in handling various computing tasks.

This innovative mouse stands out with dual connectivity options, supporting both Bluetooth 5.0 and 2.4GHz connections. This not only provides flexibility in choosing your preferred connection but also ensures reliable performance across a range of devices and scenarios.

Adding to the convenience, the USB-A Nano Wireless Receiver takes functionality to the next level. The compact receiver can be neatly stored within the mouse itself, preventing misplacement and contributing to a clutter-free workspace. This thoughtful design ensures that the crucial receiver is always within reach when needed.

Conscious of energy consumption, the EW3241 mouse features an Intelligent Power Saving function. This advanced feature optimizes battery energy, promoting an eco-friendly approach while extending the overall battery life. Now, enjoy prolonged usage without frequent interruptions for battery replacements or recharging.

Expanding the horizons of flexibility, revel in a wireless range of up to 10 meters. This extensive range allows you to control your devices from a distance, providing freedom in device placement for a more organized and efficient workspace.

To further enhance your work environment, our mouse is equipped with Quiet Click buttons. These buttons offer a silent and unobtrusive clicking experience, fostering a quieter ambiance and minimizing disruptions in shared or quiet spaces.

Choose a superior solution for your computing needs—the EW3241 mouse redefines efficiency, compatibility, and user experience, making it an indispensable tool for the modern, multitasking professional. Elevate your productivity with a mouse designed to meet the demands of your dynamic work routine.
