Sustainability in action

Materials that Matter

It matters. With at least 85% recycled plastic,⁶ 15% recycled metal including 90% recycled aluminum in the stand,⁷ and 20% recycled glass in the monitor panel¹⁷, we are in this together.^{8,9}

OMEN by HP 31.5 inch UHD 144Hz Smart Gaming Monitor - OMEN 32x

Featuring

Google TV

The entertainment you love. With a little help from Google. No more jumping from app to app. Google TV brings together your movies, shows, and more from across your subscriptions, so they're in one place.^{1,16}

Home panel on Google TV

Make Google TV the center of your smart home. Control lights, temperature, and more from the new home panel, get doorbell notifications and full-screen views of your cameras, and use your voice to control it all—just ask Google Assistant.¹⁰

UHD Panel

Give all your entertainment a new level of immersion with impressive 4k resolution.⁴

144 Hz refresh rate

For crisp action and responsive gameplay, this fast refresh rate practically removes all artifacting and motion blurring.⁴

IPS Technology

No matter where you stand, IPS panel technology delivers clear, vivid images. IPS technology ensures image accuracy and consistency across ultrawide 178-degree viewing angles, so you can get lost in your gameplay from any angle.⁵

VESA DisplayHDR™ 400

Explore new worlds in stunning contrast with VESA DisplayHDR™ 400. With peak brightness of 400 nits and 1000:1 contrast ratio, experience games how the developers intended with brighter whites, deeper blacks, and richer colors.^{3,4}

NVIDIA® G-SYNC® Compatible

Enjoy variable refresh rates with NVIDIA® G-SYNC® compatibility, tested and certified to deliver gameplay that is sharp, fluid, and stutter-free with minimal input lag.⁵

65W USB-C® Power Delivery

With just one cable, you get fast 65W USB-C® Power Delivery, efficient charging, video support, data transfer and the full gaming experience.¹

A little help on your big screen.

Ask Google Assistant to help you find answers, prepare for and streamline your day, and more – right from your TV.¹

Multi-View

Split your screen wirelessly with casting on the right hand side and using a wired connection on the left.¹⁵

Multi-Platform Streamer Honors

Run your live stream across multiple platforms, right from your display.¹⁴

Shared KB/M

Easily switch your keyboard and mouse across multiple devices, streamlining your setup.

Remote Control

The remote control supports both Bluetooth and infrared. Switch inputs, adjust settings, and control your experience, all from one device.

VESA Certified ClearMR

Clear Motion Ratio (CMR), provides a clear numerical value based on the ratio of clear pixels to blurry pixels, which allows you to easily compare the amount of motion blur between VESA Certified ClearMR displays.¹¹

Dolby Vision™ and Dolby Atmos™

Feel every moment, visual, and sound come to life with Dolby™ support. Immerse yourself from all angles that makes your experience feel more alive.²

Multiplatform Capabilities

Easily connect your PCs and consoles with DisplayPort™, HDMI, and USB-C inputs and keep your accessories organized with the convenience of the USB Hub.

Four Integrated 3W Speakers

No headset? No problem. The integrated 3W speakers deliver crystal-clear audio without adding additional cables or external speakers to your desk.

VESA Certified AdaptiveSync

VESA Certified AdaptiveSync guarantees higher refresh rates and low latency, optimized for gaming, plus a lab-certified max refresh rate so you know your display's full potential.¹²

AMD FreeSync™ Technology

Every gamer deserves perfectly smooth gameplay and peak performance. Game confidently with a high refresh rate, low framerate compensation, and low latency. AMD FreeSync™ certified monitors are here.¹³

Wake on Network

Cast to the monitor, even while it's asleep, with Wake on Network.

HP Eye Ease with Eyesafe® Certification

Built right into the display, with no need to adjust settings or worry about a compromised color experience, HP Eye Ease with Eyesafe® Certification provides beautiful color while reducing blue light to keep your screentime comfortable.

Adjustable stand

Make your desk just how you like it with the adjustable stand. Find comfort while you game with tilt and 100 mm height adjustments.

NVIDIA GeForce Now

Unlock cloud gaming with NVIDIA GeForce NOW. Play your favorite PC games on any device with high resolution, ultra-low latency, and GeForce Performance.⁵
