Crystal-clear conversation

Poly DA Series digital adapters keep call center employees sounding crystal-clear from home or in the office. With easy USB-A or USB Type-C® connections, they adjust audio to each specific Poly headset, offering quality calls [1].

Flexible & future-proof

Preserve your tech investment with the Poly DA Series. Not only do these digital adapters include USB-A and USB Type-C® access right on the cable, they're also compatible with all your new and legacy Poly headsets and accessorie [2].

Peak user experience

Wireless data encryption provides a high level of security.

Featuring

Inline controls

With just one simple click, you can instantly mute all audio and visual transmissions - whether it's a phone call, a video conference, or a virtual meeting.

Connection flexibility

Answer soft-phone calls from any PC, no matter what kind of USB port you have. Built-in USB-A and USB Type-C® connectors on the same cable.

Smart headset recognition

Get incredible call quality on any Poly headset via intelligent headset recognition that adjusts audio performance to the specific headset.[1]

Quick disconnect

Walk away from your desk with a click: Poly Quick Disconnect technology works with any Poly QD-equipped headset.[1]

Acoustic hearing protection

SoundGuard DIGITAL featuring advanced acoustic limiting, including daily noise exposure, G616, and anti-startle functionality.[1]

Communications platforms

An IT manager's dream, the Poly DA Series digital adapters were created for communication and are optimized and certified to work with top virtual meeting providers.[1]
