B625/B620

Right-sized Workplace Assistants that exceed demand and expectation

Meet the Xerox® VersaLink® B625 Multifunction Printer and Xerox® VersaLink® B620 Printer.

Xerox[®] VersaLink[®] B625 Multifunction Printer and Xerox[®] Versal ink[®] B620 Printer

Is personalization, future readiness, and built-in security too much to ask for? Small enough to fit where you need them and fast enough to support high print volumes, these smart Workplace Assistants are made for high-performing work teams. The Xerox® VersaLink® B625 Multifunction Printer offers multifunction agility with print, copy, scan, and fax, while the Xerox® VersaLink® B620 Printer delivers flawlessly for print-centric needs.

COMPACT WITHOUT COMPROMISE

Make the most out of every square foot of your office space with the small footprint of the VersaLink B625 Multifunction Printer and B620 Printer. Outrageously capable, these workhorses take up less space but get just as much work done. They're perfectly sized for scaled-back office spaces and hybrid work environments, where space is a premium and there's no room for disruption.

AUTOMATED PRODUCTIVITY

Get up to speed in no time with a tablet-like touchscreen that balances simplicity and time-saving efficiency. Tap into AI-assisted algorithms that learn from you and prioritize your most commonly used tasks to create convenient shortcuts, so you can do more in fewer steps. And the ability to personalize the UI provides the freedom to work the way you want, allowing you to breeze through functions.

Mobility features, such as AirPrint®, Mopria®, and optional Wi-Fi® Direct, take the hassle out of printing directly from your favorite mobile devices. With VersaLink printers, more capabilities means added convenience, not more complexity. Leading-edge scanning functionality and the automation of complex physical and digital workflows allow you to scan¹, digitize, and route information without missing a beat, reducing errors and saving time.

DISRUPTION-READY TECHNOLOGY

Your work is always evolving, so you need technology that's always a step ahead. The Xerox® ConnectKey® Technology-enabled VersaLink device adjusts quickly to the evolving needs of your organization.

Translator. Proofreader. Do-it-all digitizer. Now you can tackle whatever work throws at you. Stay ready with the Xerox App Gallery, an ever-growing portfolio of cloud-hosted apps and productivity tools.

And the VersaLink B625 allows access to the optional Xerox® Workflow Central Platform, a cloud-based solution that takes the guesswork out of converting physical and digital files into usable formats right from the VersaLink user interface, even complicated work processes are simple. For example, summarize a lengthy report, translate it, and share it with your team in just a few quick steps.

SMARTER, MORE SOPHISTICATED SECURITY

Comprehensive security features work hard to prevent, detect, and neutralize threats in addition to streamlining reporting and automatically remediating IT-required settings. Built-in, predefined security configurations simplify implementation. Just select one of three security templates and let VersaLink do the rest — no expert knowledge required.

QUALITY THAT'S A CUT ABOVE

Delivering a high-resolution output of 1200 x 1200 dpi, with crisp text and sharp lines to elevate your important documents.

SUSTAINABLE THROUGH AND THROUGH

Made up of more than 25% post-consumer recycled plastic, VersaLink printers give new meaning to being environmentally responsible. These devices meet the strictest, globally recognized standards for product environmental performance, including EPEAT, Blue Angel, and ENERGY STAR®. The Xerox® Supplies Recycling Program simplifies collection, reuse, and recycling of spent imaging supplies.²

XEROX CONNECTKEY TECHNOLOGY

Intuitive User Experience

Enjoy a tablet-like experience with gesture-based touchscreen controls and easy personalization, plus AI-assisted workflow automation.

Mobile and Cloud-ready

Be more mobile with cloud-hosted services and instant connectivity to the cloud and mobile devices – right from the user interface.

Comprehensive Security

Prevent unauthorized access, detect threats, and protect data and documents with built-in proactive security features.

Enables Managed Print Services

Seamless integration with Xerox® Managed Print Services delivers next-level workplace efficiency, employee productivity, and security, while helping you meet sustainability goals.

Gateway to New Possibilities

Transform the way you work with the apps in the Xerox App Gallery. Or choose the Xerox® Workflow Central Platform to utilize apps from any device: laptop, desktop, or your Xerox® ConnectKey® Technology-enabled printer.

Learn more about expanding and customizing your capabilities at **ConnectKey.com**.

Xerox[®] VersaLink[®] B625 Multifunction Printer and Xerox[®] VersaLink[®] B620 Printer — Configurations

XEROX VERSALINK B625

Single-pass Duplex Automatic Document Feeder (DADF) saves time by simultaneously scanning both sides of two-sided documents with up to 150/144 ipm Letter/A4 ipm for B625. The 200-sheet paper capacity drives productivity, especially for tasks that require large batches of scanned or copied documents.

Allows you to do even more in fewer taps and steps. The B625 MFP features a 7-inch tiltable or tilt capable user interface (UI) while the B620 has a 5-inch UI. Both provide easy access to the Xerox App Gallery. Try it out at xerox.com/SIM7.

The 100-sheet Bypass Tray handles media sizes from 3×5 in to 8.5×14 in/76.2 $\times 127$ mm to 216×356 mm

The 550-sheet Tray handles media sizes from 3.9 x 7.5 in to 8.5 x 14 in/98.4 x 191 mm to 216 x 356 mm

XEROX VERSALINK B620

OPTIONAL ACCESSORIES: VERSALINK B625 AND B620

550-sheet Tray – Add up to 3 additional 550-sheet trays for a total paper capacity of 2,300 pages.

2,100-sheet Tray – Add an optional 2,100-sheet tray for even higher capacity. Can be combined with two optional 550-sheet trays. (Requires Caster Base)

Caster Base – Allows for easy moving of floor-standing configurations.

Wireless Network Adapter – Enables wireless connectivity and includes support for Wi-Fi® Direct.

Adjustable Stand

500+GB Hard Disk – Add to busy devices to enhance performance and increase capacity for storage, collation, and image processing of large-size jobs, 1-Touch Apps, customer-installable fonts, and enable copy build jobs for multifunction printers.

Card Reader Kit

XEROX® EASY ASSIST APP

With businesses moving to a more flexible work environment, workers need the right technology in place to keep productive and get back to what really matters. Xerox® Easy Assist App allows you to easily and securely manage your device on the go right from your mobile phone, with mobile phone authentication using NFC tap, real-time monitoring of printer performance and instant access to self-support services — all without the need for IT support. Learn more at xerox.com/EasyAssist.
